I understand that the massage therapy given here is for the purpose of stress reduction, relief from muscular tension or spasm, or for increasing circulation and energy flow. I understand that massage therapists do not diagnose illness, or disease, nor do they prescribe any medical treatments. I acknowledge that I see health care provider for that service. It is also understood that any illicit or sexually suggestive remarks or advances made by me will result in immediate termination of the session, and I will be liable for payment for the scheduled appointment. I have stated all medical conditions and will update the massage practitioner with any changes in my health status.
